

## NOTICE

For the Record, the meeting minutes for the months of **May, June, July, August, and September 2022** were assembled from sources other than normal. In October 2022 the board of supervisors discovered that the former secretary/treasurer Heather Wood had stopped keeping the minutes book up to date as was her duty. The above-mentioned minutes were found in supervisor's meeting materials and were approved by majority vote at legal meetings. In due diligence and to complete the record we have included these unsigned and unsealed minutes.
